

CARTER + CO

204 Monaro Cres Red Hill ACT

3 2 2

Please note that this home is currently for sale, and the purchase will be subject to the tenancy.

Designed by one of Australia's most renowned architects-Robin Boyd, this Octagon shaped house is truly unique, benefiting from cul-de-sac positioning.

It's easy to see by the photos just how retro this home is, but its contemporary feel ensures that anyone can make it 'home.'

The unique entry to this building is through the ground-level double carports that form an enclosed, heavily shaded portico. The main stairway takes you from the ground floor atrium style entrance and up to the Octagonal landing, the heart of the home.
